

## LIFE GROUP SESSION: FAMILY TREE (part one)

### **MESSAGE SUMMARY**

Genesis 12:1-3; Mark 10:17-31

We are part of God's global, historical, eternal and local church family. We have been called & chosen to be part of this family; it isn't optional.

Healthy families are built on sacrifice. Sacrifice is a sign (and test) of what we love, value and trust, because sacrifice is a key ingredient of love, generosity and investment.

The rich young ruler, from the outside, looks like the perfect candidate for God's family. Yet, he isn't willing to sacrifice and Jesus lets him walk away.

God saves and God provides. Though we sacrifice for Him and His family, we will see return. "Jesus asks for far more than you ever thought but offers far more than you ever imagined" (*Timothy Keller*)

The church family, along with eternal life, is the reward for following Jesus.

Hebrews 12:1-3 --- we are surrounded by a great cloud of witnesses (see Hebrews 11). We are part of a global, historical, eternal and local church family. As we have seen God work in them, we turn our eyes to Jesus, throw off our sin and run the race with perseverance.
